

# TOLIS Group Product Bundles

Introducing one stop shopping for BRU Server software and hardware bundles--everything you need in one convenient bundle to protect your data. All bundles include BRU Server, HP tape devices, ATTO Technologies HBAs, necessary cables and accessories, and even media to get you started; tested and guaranteed!

Need a different model or have some of the hardware pieces and need others? Ask us for pricing. Need more media? Ask us!

TOLIS Group does not sell gray market, refurbished, or un-registered refurbished items as this can lead to issues with the manufacturer when hardware support is required. All hardware items are brand new factory stock.
